

February 1, 2020

Dear Clients:

We are very excited to let you know that Adventure Place, The Etobicoke Children's Centre, the Griffin Centre, and Skylark Children and Youth will be merging our four agencies. Effective April 1, 2020, we will be a single integrated organization serving infants, children, youth, young adults and families.

The goal of our merger is to enhance the service we currently provide to our clients. Caring for you through the services we provide and enhancing that care is why we believe this merger makes sense.

We want to assure you that you will continue to receive services from the person(s) or program from which you are presently involved. We are committed to ensuring that client service is continuous and that the services that are available to clients will not be affected or disrupted through this merger.

The new single organization will incorporate the best that each of our current agencies has to offer and be a modern organization focussed on providing you with excellent services. Our vision is that the new organization will focus on providing a broader range of accessible, integrated, coordinated services to more clients that will result in an even better experience.

We want to assure you that we are committed to continuing to deliver excellent care and high levels of client service. Please rest assured that your service experience now, and into the future, will continue to be our top priority.

We welcome your questions and feedback as we move through this process. We will keep you posted about the progress that we are making. Please check back on our website for updates. If you have any questions, please feel free to contact your worker or call the Executive Director.

Cheryl Webb
